

Selling tickets with Momice

Discover the possibilities of the Momice ticket module: a professional way to streamline the ticket sales of your event.

Flexible settings

Determine the price and the VAT rate for each ticket.

Include the service fee in the ticket price, or pass it on to your visitor.

Offer both free & paid tickets within one event.

Personal tickets

Link a list of invitees to a specific ticket.

Align your e-ticket with the style of your event.

Easily fold the e-ticket into a name badge (a6 format).

International payment methods

Momice uses the reliable infrastructure of Payment Service Provider Adyen. You, as an organiser, determine which payment methods* you want to offer:

*Transaction costs differ per payment method and are passed on to the event organiser.

Requirements

Selling tickets is not a default feature in Momice software. There are certain requirements an organisation has to meet in order to use the add-on paid tickets.

- Selling tickets is only authorized if your organisation is not financially dependent on ticket sales for events.
- Payout can only happen as of 7 days after the event.
- Payout can only be done to European bank accounts.
- When an event gets cancelled, the event organiser is responsible for refunding the ticket amount to the buyer.
- Activating the add-on paid tickets costs € 950,- (one time only).
- Additional costs per ticket: 3% Service fee plus transaction costs*.

E-Ticket

Compose your own e-ticket in the style of your organisation or event, scan the QR-code to check in your visitors and easily fold the ticket into a name badge (a6 format).
